

CONNECTOR FOR 60 MM FLUSH MOUNTED JUNCTION BOXES, E106-2K, E107-2K

E104

Product description

A special mounting holder for fixing flush mounted junction boxes in a wall chase. In a prepared chase, the boxes, which are connected serially and equipped with holders, are nailed to the wall. This guarantees their even embedding before the plastering process. Such mounting facilitates and accelerates the work, ensuring the precision of box embedding. While ordering, it is necessary to note that each box requires two holders. The product is suitable for mounting elements used in the body of serial boxes with membrane knockouts and boxes E106-2K, E107-2K.

Product specifications

Catalogue number	83116001
Name of item	E104
EAN code	4034338914087
Colours	red
Unit	pcs
Collective packaging	50
Material	halogen-free
Resistance to heat	650 °C
