

MODULAR SOCKET - 250 V, 16A, SIMLIC

MRD50-16

Product description

Modular socket - 250 V, 16A, SIMLIC is intended for single-phase electric installations for a direct or alternating current 10/16 A, with a rated voltage of 250 V. Its modular structure allows for installation of this socket in enclosures and switchboards manufactured in accordance with DIN 43880. Connection of the single-phase receiver, e.g. lighting, to a home distribution board, when it is necessary to disconnect part of the electric installation due to e.g. installation works. It can be used as an element of the independent electric circuit, which is connected to the electric installation with the use of S 190 series circuit breaker with rated current not exceeding 10/16 A. In the case of alternating current, the socket protection can also consist of P191 residual current device with max. rated current 16 A.

Product specifications

Catalogue number	89066006
Name of item	MRD50-16
EAN code	5907813224652
Unit	pcs
Collective packaging	5
Rated voltage	250 V
Rated current (A)	16 A
Solid wire	1,5...2,5mm ²
Mounting	mounting on the rail TS 35
Protection class	IP20
